

# System Restoration Strategy Task Force Update

MRC

February 27, 2014

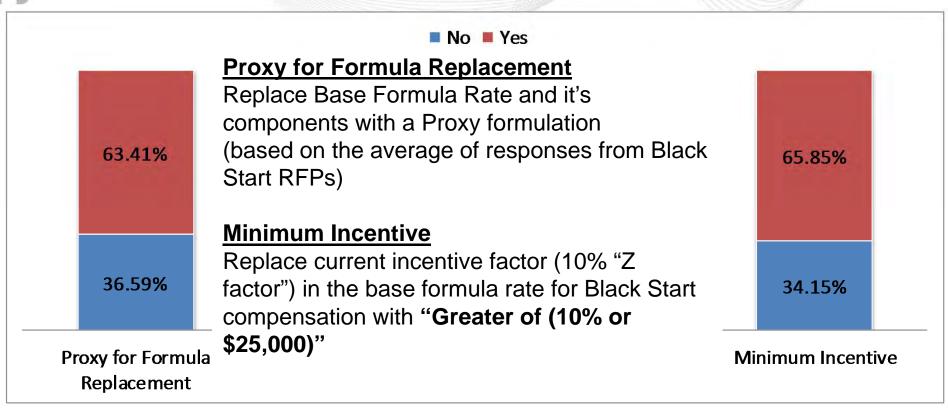

www.pjm.com

This Task Force will examine the current System Restoration Planning process to determine its viability and efficiency moving forward and recommend any changes to the System Restoration strategy and associated procurement, cost allocation, and compensation methods, inclusive of back stop options to the MRC for approval.

- ✓ Strategy changes developed and approved by FERC on 9/9/13
  - RTO-wide Black Start RFP responses being evaluated (Target April 2014)
- Task Force developing potential changes to compensation and back stop options
  - Compensation Proposals going to January MRC for 1<sup>st</sup> read
  - Back stop proposals still being developed

#### **Compensation Proposals**

Conclusion: Minimum Incentive proposal is the main motion to be voted on.

Proxy for Formula replacement is the alternative motion.

### Main Proposal - Minimum Incentive Proposal

- Primary change: Replace 10% "Z factor" (incentive factor) in the base formula rate for Black Start compensation with "Greater of (10% or \$25,000)"
  - Would guarantee a minimum incentive of \$25,000 per unit for units on base formula rate
  - Capital Recovery Rate and NERC CIP Capital Recovery Rates would not change
- Other changes include:
  - Allow non-ICAP Black Start units to be compensated using the offered Black Start MW
  - Allow ALR units to recover NERC Compliance costs as documented to the IMM
  - Allow for fuel storage compensation for fuels other than oil
  - Provide for a 5 year PJM internal review of formula

www.pjm.com 4 PJM©2014

#### Alternate Proposal – Proxy for Formula Replacement

Primary change: Replace Base Formula Rate and it's components with a Proxy formulation

- Proxy developed based on the average of responses from Black Start RFPs
- Capital Recovery Rate and NERC CIP Capital Recovery Rates would not change

Black Start Resource Size	Initial Capital Payment to add Black Start (from RFP Responses)	Additional Black Start Resource Capital Payment (From RFP Responses)	Start Capital Payment (using 0.125 CRF)	Additional Resource Annual Black Start Capital Payment	Annual Black Start O&M Payment (from RFP Responses)	Annual Black Start Fuel Storage Payment (from RFP Responses)	Unit Total Annual Black Start Payment (including Training)
