The Honorable Governor Josh Shapiro
Office of the Governor
501 North 3rd Street
508 Main Capitol Building
Harrisburg, PA 17120

Dear Governor Shapiro,

Thank you for your correspondence dated Sept. 20, 2024. On behalf of PJM Interconnection, I'd like to congratulate your administration and the Commonwealth on the announcement of the Crane Clean Energy Center. At a time when we are seeing decreasing supply and increasing demand on the overall system, the addition of nuclear generation to the grid should certainly be viewed in a positive light. As to your specific request to advance the Crane Clean Energy Center through a type of expedited queue process, PJM will be introducing an expedited queue concept in the very near future. We will work with your administration and Constellation Energy Corporation on its applicability to the Crane Clean Energy Center and will work with other PJM Members & Stakeholders on applicability to their qualifying projects as well.

Again, we thank you for your correspondence and look forward to continued dialogue with your administration.

Sincerely,

Manu Asthana
President & CEO
