

# Approved 2022 North American Electric Reliability Corporation (10-NERC) and Reliability First Corporation (10-RFC) Rates

Posted pursuant to Schedule 10 of the PJM Open Access  
Transmission Tariff.

<b>2022 Schedule 10 Rates</b>			
<i>(\$ in millions)</i>	<b>FERC Approved 2022 Funding</b>	<b>Estimated Billing Determinants</b>	<b>2022 Rate</b>
<b>NERC Fees (Schedule 10-NERC)</b>	\$11.5	696,900,000 Megawatt Hours of Energy Serving Load in the PJM Footprint excluding the Dominion and East Kentucky Power Cooperative zones	<b>\$0.0166</b>
<b>RFC Fees (Schedule 10-RFC)</b>	\$17.6	696,900,000 Megawatt Hours of Energy Serving Load in the PJM Footprint excluding the Dominion and East Kentucky Power Cooperative zones	<b>\$0.0253</b>

- The 10-NERC rate and 10-RFC rate will be charged to network integration and point-to-point transmission service used to serve load in PJM's footprint exclusive of the Dominion and East Kentucky Power Cooperative zones.
- These rates will be charged each month for load as described above at the rates listed in the table above. The billing for December 2022 business, which will occur in January 2023, will incorporate a true-up adjusting that month's billing for any credit or deficiencies based actual revenues collected for the 2022 calendar year.
