Chair, PJM Board of Managers

March 30, 2020

**Re: April 21, 2020 Liaison Committee (LC) Meeting**

Dear Members of the PJM Liaison Committee,

The PJM Board joins me in wishing you and your families well in these challenging times. We thank you for the kind recognition of PJM's dedication to the reliability of the grid, stability of market operations, and to open and honest communication. Like you, we are also committed to the health and safety of stakeholders and staff.

Thank you for your letter regarding postponement of the April 21, 2020 LC meeting with the Board of Managers. We share your view that in-person format for these meeting is most productive, and agree with your decision to postpone this meeting to replace the December General Session.

Thank you for your continued support of our shared mission, and for the good and important work that you are all doing in these trying times. We remain committed to you and to the reliability of the grid and stability of market operations.

We look forward to our usual constructive engagement in July.

Sincerely,

A handwritten signature in black ink that reads 'Ake Almgren'.

Ake Almgren  
Chair, Board of Managers
