It is expected that based off of the group's work, a small number of changes will take place to the definitions in the OA, RAA, Tariff and manual 35.

Target Completion

December, 2015

Progress Update

The PJM legal department presented several proposed revisions of definitions from the PJM governing documents at the May 29 and June 15 meetings. The proposed revisions are in various stages of 1st and 2nd reads.

The THSTF has also discussed various ways to improve access to the definitions within the governing documents. To streamline, the THSTF is proposing to have the definitions sections within the Tariff, OA, RAA consolidated to a single section and that consolidated item would be moved to the front of each document. The group is also in support of a proposed retirement of Manual 35 (Definitions manual).

The THSTF has voted unanimously to approve the following definitions:

- PJM Net Assets (new)
- Offer Data
- Operating Reserve
- Wholesale Transaction
- PJM Settlement, Inc./ PJMSettlement
- Counterparty
- Auction Revenue Rights

A 1st read of these definitions will take place on June 25, 2015 at the Markets and Reliability Committee.
