

**Proposed Revisions Required for Consistency of Default Provisions  
For Discussion at RMC Meeting May 25, 2021**

**Tariff, Part I**

**7.3 Customer Default:**

In the event the Transmission Customer or other entity (a) fails, for any reason, to make payment to PJMSettlement, for the benefit of PJMSettlement or the Transmission Provider, on or before the due date as described above, or (b) fails at any time to meet the Transmission Provider's creditworthiness requirements, and such failure is not corrected within the applicable cure period described in Operating Agreement, section 15.1.5~~two Business Days after the Transmission Provider notifies the Transmission Customer or other entity to cure such failure~~, a default by the Transmission Customer or other entity shall be deemed to exist. Upon the occurrence of a default, the Transmission Provider may initiate a proceeding with the Commission to terminate service but shall not terminate service until the Commission so approves any such request; provided however, that (i) in the event that a state required retail access program provides for continuation of retail service to affected end-use customers by another supplier that is a Transmission Customer, then the Transmission Provider may, upon default by a Transmission Customer, immediately terminate Transmission Service to the defaulting Transmission Customer for the load of such end-use customers, and (ii) in the event that a Transmission Customer is taking service under Part II to serve load outside of the PJM Region, then the Transmission Provider may, upon default by a Transmission Customer, immediately terminate Transmission Service to the defaulting Transmission Customer. Billing disputes between the Transmission Provider and the Transmission Customer or other entity shall be addressed through the Transmission Provider's dispute resolution procedures, and shall not relieve the Transmission Customer or other entity of the obligation to make payment of all amounts due hereunder.

If the Transmission Customer fails to meet these requirements for continuation of service, then the Transmission Provider may provide notice to the Transmission Customer of its intention to suspend service in sixty (60) days, in accordance with Commission policy, or, in the case of a state required retail access program that provides for continuation of retail service to affected end-use customers by another supplier that is a Transmission Customer, immediately terminate Transmission Service as provided above.
