

DER & Inverter-Based Resources Subcommittee Monthly Progress Report

November 15, 2021

1. FERC Order 2222 / DER Aggregation

Issue Status

Updated draft compliance proposal issued by PJM staff in October / Ongoing stakeholder discussions

Target Completion

Compliance filing due February 1, 2022

Progress Update

- PJM staff presented modifications to the DER aggregation Market Participation model proposal during October's DIRS.
- PJM staff discussed a draft, pro forma market participation service agreement associated with the DER Aggregation Market Participation Model.
- PJM staff provided updates to the DER use cases that have been developed as means to better understand the proposal.

Action Requested (if necessary)

- Stakeholder feedback/presentations on the PJM draft proposal, including alternatives to consider in the compliance matrix. If your organization would like to provide input on the straw proposal and the updated Order 2222 compliance matrix and/or recommendations specific to the various directives within the Order, please contact the DIRS facilitation team.
