Impacted Manual sections:	
PJM Manual 18 Section 8.7	
Reason for change:	
To allow for early replacement of RPM Commitments (earlier than November 30 prior to start of Delivery Year)	
Summary of the changes:	
Retain existing rules for replacement transaction presently described in PJM Manual 18 Section 8.7. In addition, adding ability to replace commitments earlier than November 30 prior to start of Delivery Year when the owner of the replaced resource provides transparent and verifiable evidence to support the expected final physical position of the resource at the time of request. Specific acceptable reasons detailed in PJM Manual 18 Section 8.7. Resources replaced early may not be re-committed to RPM for the Delivery Year.
