

Combined Regional Planning Process Task Force / Interconnection Process
Senior Task Force Report
PJM Interconnection - Markets and Reliability Committee
The Chase Center on the Riverfront, Wilmington, DE
November 16, 2011

The joint [Regional Planning Process Task Force](#) (RPPTF) and the [Interconnection Process Senior Task Force](#) (IPSTF) met on November 7, 2011. This meeting covered the following items:

RPPTF

RPPTF – OPERATING AGREEMENT LANGUAGE

The document was revised to include proposed changes. The changes can be found in the link below:

[Schedule 6 Revisions - RPPTF Redline](#)

[Interconnection Provisions and Agreements](#)

IPSTF

IPSTF ITEM – PROPOSED TARIFF LANGUAGE

The Tariff was revised to include proposed changes. The changes can be found in the link below:

[Proposed Tariff Language](#)

Concerns regarding the IPSTF were discussed and detailed as follows:

Suspension would be applicable to projects not yet tendered a CSA. The new proposal is for transition to be prospective and only applicable to projects that enter the queue after revision effective date.

Regarding the Facilities Study and ISA / CSA preparation & execution process, there are plans to discuss in early 2012 in order to address additional process issues.

Administrative Items:

The next meetings will take place on November 14th and December 9th. Additional conference calls will be planned in the near future.

Future Issues
