Allow for the "All" parameter for schedule IDs for query in schedule restrictions	**May 5 Effective at Midnight**	Markets Gateway XML Users

2021										
	Mar	Apr	May	June	July	Aug	Sep	Oct	Nov	Dec
Hourly Differentiated Segmented Ramp Rates		◆ **Train: April 21**	◆ **Production: May 5**							

- PJM plans to provide more flexibility for users by adding the capability to query and obtain all of their previously submitted schedule restrictions via Markets Gateway XML, on the Generator > Schedules > Restriction Information tab.

- This is added functionality for those that choose to use it

- The query will provide information for units filtered by 'All' which will return all ScheduleRestriction information for all of their units, or by 'Location' to return all of the ScheduleRestriction information for a single unit, or by 'Portfolio' to return all of their ScheduleRestriction information contained within a Portfolio.

- Important dates:
  - Markets Gateway External Interface Specification Guide and .xsd will be available on April 20, 2021 on the Markets Gateway Tools page
  - Train availability – April 21
  - Production availability – May 5
