# Upcoming Webex Updates

As of January 16, 2024

- Meeting options that were once at the top menu bar will be contextual and distributed across different locations in-meeting software.

- The meeting chat interface will be different where participants can edit font text, respond with reactions, and chat directly @ individuals.

- The maximum files size that can be loaded onto Webex is 100 MB and 50 pages long.

- Participants who join Webex Meetings from a browser will experience a new interface that is similar to Webex app users.

Action Required	The Date	Who Will Be Affected
No Action Needed	**March 1**	All participants who join or attend Webex Meetings hosted by PJM.
