

Upcoming Webex Updates

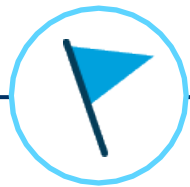

As of April 16, 2024

- Meeting options that were once at the top menu bar will be contextual and distributed across different locations in-meeting software.

- The meeting chat interface will be different where participants can edit font text, respond with reactions, and chat directly @ individuals.
- The maximum files size that can be loaded onto Webex is 100 MB.
- Participants who join Webex Meetings from a browser will experience a new interface that is similar to Webex app users.

Action Required	Target Date	Who Will Be Affected
No Action Needed	April	All participants who join or attend Webex Meetings hosted by PJM.
