**2. PJM SUBZONAL DISPATCH PROCEDURE FOR '11/'12 DELIVERY YEAR**

PJM outlined the procedure that will be used for sub zonal dispatch for the 2011/2012 Delivery Year. CSPs requested and PJM agreed to send out email notification of any new subzone(s) created and posted on pjm.com so each CSP is not required to monitor for changes. PJM leveraged this procedure during the 5/26/11 sub zonal event in the Norfolk area of the Dominion zone.
