

CSP Training Requirements

Michael Hoke
Sr. Lead Trainer
State and Member Training

- PJM Manual 40: Training and Certification Requirements
 - Section 3.2.5
 - Covers CSP participating in PJM's Regulation and Synchronized Reserve markets
 - In direct communication with Demand Response (DR) customers, advising them to curtail load when advised by PJM
- Currently no requirements for CSP with Load Management (Emergency and Pre-Emergency) Resources
 - Issued brought to SMT by System Operations
 - Currently ~55 entities in this category

- Review list of potentially affected CSPs with System Operations management
- Identify training requirements
 - Manual 40 changes
- Take through stakeholder process
 - (venue/committees and timeline TBD)
