

# Reminder for Residential DR

February 12, 2018

- To be submitted to PJM before registration
  - M&V plan (before May 1) Template:
    - <http://www.pjm.com/-/media/etools/dr-hub/residential-mv-program-description-template.ashx?la=en>
    - Variance Study and Sample Selection Template:
      - <http://www.pjm.com/-/media/etools/dr-hub/residential-mv-variance-study-and-sample-selection.ashx?la=en>
- To be submitted to PJM before June 1 (Start of Delivery Year)
  - List of all registered customers (customers that will participate): EDC account number, PLC, zip code
    - Pseudo-EDC account permitted where legal/regulatory conditions prohibit sharing

See comprehensive training material at - <http://www.pjm.com/-/media/training/core-curriculum/ip-dsr/residential-measurement-and-verification.ashx?la=en>

- M&V plan must be submitted and approved by PJM before registration is submitted.
- Updated and resubmitted annually to continue participation in PJM markets
- Content:
  - Details on variance study
  - How was sample size determined
  - How was sample selected and stratified
  - Data validation and error correction protocol
  - How will sample meter data be converted to population meter data

- Sample size recalculated using data from customers in current sample using variance study (see template\*)
- Replacements if necessary must be randomly selected in order to maintain strata integrity, etc.
- If population is expanded in non-random manner, sample must be expanded appropriately
