

# MOPR Implementation updates for DR

DRS

8/3/2020

- Please see slides from 6/11/20 DRS
  - [Overall DR MOPR implementation](#)
  - [Capacity Exchange - Pre-Registration Process](#)
- This presentation is focused on some additional details or changes since 6/11/20 discussion
  - Items that have come up during system implementation
  - Questions through the hotline

- CSP to notify PJM of EDC account number changes
  - This will allow PJM to transfer MOPR status to new EDC account number (same CSP or across CSPs)
    - Exempt, New, Existing
    - Subsidy
    - Competitive Exemption
- Interim Process – CSP will need to email [dsr\\_ops@pjm.com](mailto:dsr_ops@pjm.com)
  - EDC, zone, old and new EDC account number
  - Reason for account number change
  - Email from EDC that verifies the change

- Which EDC account number changes qualify for status transfer?
  - Same owner & physical address - EDC changes account number for refolio, system changes

- CSP is required to review and update State Subsidy status during the Pre-Registration process in Capacity Exchange
- CSP is required to notify PJM of any change in status within 5 days (this could get extended to 30? days in final order)
  - CSP should email [dsr\\_ops@pjm.com](mailto:dsr_ops@pjm.com) of any change in status to meet this requirement
    - CSP should formally review status and provide any necessary updates during the DR Hub registration process prior to the DY
      - If there are significant number of changes, PJM will add formal review and sign off to DR Hub in the future.

- Reconcile Pre-Registration
  - Credit Mw
    - Planned
    - Existing
  - MOPR Mw
    - DRLoad
      - Exempt, New, Existing,
    - DRGen
      - Exempt, New, Existing, Unit Specific

Type	Category	RPM Resource
DR – Load and Gen	Exempt	PJM PECO DR
	No Subsidy	
	Competitive Exemption
