

Human Performance at Dispatcher Training Subcommittee

Source of Topic

Interest expressed by members to develop a Human Performance stakeholder group at PJM

Administrative Details

Due to the increasing number of stakeholder groups, a new stakeholder group for Human Performance will NOT be chartered. However, Human Performance topics will be added as standing agenda items at the conclusion of the regular Dispatcher Training Subcommittee (DTS) meetings. The chair and secretary of the DTS facilitate these discussions as well.

Objectives

- Provide a forum for PJM and stakeholders to discuss Human Performance related issues and ideas.
- Share best practices for Human Performance program implementation.
- Share lessons learned from Human Performance related operating events.
- Provide and share training on Human Performance related topics.
- Evaluate and update the PJM Human Performance model, as needed.
- Evaluate additional training needs related to Human Performance.
