

**Market Settlements Subcommittee
Conference Call
September 22, 2016
1:00 p.m. – 4:00 p.m. EST**

Administration

PJM reviewed the Anti-Trust Policy, Code of Conduct and Media Participation Policy and performed roll call. The Subcommittee approved the minutes from the August 18, 2016 MSS meeting.

Working Issues

1. FERC EL05-121 Settlement Agreement

Mr. Ray Fernandez, PJM, discussed the Settlements impacts of FERC EL05-121. He provided a settlement example that highlighted the change to the allocation of charges for covered transmission enhancement projects. He also explained the Schedule 12-C Appendix C charges and credits, referred to as the “Black Box” settlement, which is a ten year settlement that will be effective retroactive to January 1, 2016 through December 31, 2025. Billing Line Item 1115 has been created for these charges.

Mr. Sean Flamm, PJM, reviewed the new Transmission Enhancement Settlement (EL05-121-009) Charge Summary MSRS report columns and supporting calculations.

PJM is waiting for FERC approval on the settlement agreement to begin allocating these charges and credits.

2. BLIT – LSE InSchedule and NSPL Activity Summary Report

Mr. Nick DiSciullo, PJM, discussed an issue brought forth by FirstEnergy related to Billing Line Item Transfers. A Billing Line Item Transfer (BLIT) transfers the total billing line item amount associated with the “From” account to the “To” account. Currently, an EDC cannot see if an LSE has market activity in multiple zones. If the LSE is serving load in multiple zones and a BLIT is established between that LSE (“From”) and an EDC (“To”), the EDC could be impacted with charges contained in the billing line item that are not related to its zone.

PJM proposed a new MSRS report that lists the LSE accounts and whether or not the account is serving InSchedule Load in multiple zones (Y/N), and/or NSPL in multiple zones (Y/N). The report would be under the “Public Data” report category.

3. NSPL Daily Zonal Scaling Factors – Rounding Issues

Mr. Ray Fernandez, PJM, presented slides on the upcoming NSPL scaling and data submission changes in eRPM. He explained that due to a strong requirement to maintain NSPL precision of 0.1 MW there could be resulting rounding issues. The Subcommittee was asked to think about potential solutions and discuss them at the October 13, 2016 MSS meeting.

4. FERC Order 825 – Discussion on Sub-Hourly Settlements

Mr. Ray Fernandez, PJM, discussed the Settlements impacts of FERC Order 825. He presented an example of how real-time generator scaling and balancing credits would be handled with sub-hourly settlements and mentioned that no changes are required for generation, load, or demand response metering. Five minute generation meter data would be accepted, if available, and would be used instead of state estimator or telemetry values.

Additional examples and education will be presented at the October 13, 2016 MSS meeting.

Miscellaneous Settlements Items

Mr. Sean Flamm, PJM, discussed the new column additions to the existing Locational Reliability Charge Summary Report. The new columns will allow members to understand how the UCAP value changes on a daily basis in relation to the PLC Uploaded MW and also provides them with the capability to easily derive the scaling factor.

Future Agenda Items

Participants will have the opportunity to request the addition of any new item(s) to the agenda of a future meeting.

Future Meeting Dates

October 13, 2016	1:00 p.m. – 4:00 p.m.	Conference Call
November 10, 2016	1:00 p.m. – 4:00 p.m.	Conference Call
December 8, 2016	1:00 p.m. – 4:00 p.m.	Conference Call

Attendees

Fernandez, Ray (Chair)	PJM Interconnection, LLC	Not Applicable
DiSciuillo, Nick (Secretary)	PJM Interconnection, LLC	Not Applicable
Tangirala, Subha	ABB Group	Not Applicable
Howell, Michelle	AEP Energy Partners, Inc.	Other Supplier
Treadwell, Albert	Allegheny Electric Cooperative, Inc.	Electric Distributor
Norton, Chris	American Municipal Power, Inc.	Electric Distributor
Medley, Jennifer	Appalachian Power Company	Transmission Owner
Ondayko, Brock	Appalachian Power Company	Transmission Owner
Werner, Christopher	Appalachian Power Company	Transmission Owner
Srinivasan, Sunil	APX, Inc.	Not Applicable
