Friends

You are receiving this because you have been identified as being the primary compliance contact for a PJM Transmission Owner.

In preparation for PJM's upcoming TOP audit, we are looking to confirm our understanding of the Distribution Providers operating in your transmission zone. The response we got to a similar request made before our 2016 audit can be found on the web at <https://www.pjm.com/-/media/library/whitepapers/compliance/dp-compliance-contact-list.ashx?la=en>. A copy has been attached for your convenience.

We believe this list is relatively static. A simple reply to this e-mail containing a confirmation of its accuracy, or a list of any changes will be deeply appreciated.

Feel free to reply with questions or problems.

Thank You!

Tom
