November 18, 2020

- The PJM Manuals more significantly impacted by the ELCC process are
  - Manual 21: Rules and Procedures for Determination of Generating Capability
  - Manual 20: PJM Resource Adequacy Analysis
  - Manual 18: PJM Capacity Market

- Creation of Manual 21A which will include all the Business Rules surrounding the ELCC process, for example:
  - Floor calculation
  - Member Requirements (backcast, other data)
  - Performance Adjustment calculation
  - Capacity Interconnection Rights (CIRs)
  - Testing
- Modifications to Manual 20 to account for technical aspects of methodology as well as inputs into the actual model
  - ELCC Methodology
  - Backcasting process
  - Forecasting Resource Mix
