Consistent with Good Utility Practice, the Office of the Interconnection shall be authorized to direct or coordinate corrective action, whether or not specified in the PJM Manuals, as necessary to alleviate unusual conditions that threaten the integrity or reliability of the PJM Region, or the regional power system.</p> <p>OA Schedule 1, section 1.7.15; OATT, Attachment K-Appendix section 1.7.15</p>	<p>(c) “Corrective Action” means an action set forth in section IV.I of this Plan. Thus, we propose to use a different term in OATT Attachment M to reflect what is meant in that text.</p> <p>In doing so, there are other changes to OATT Attachment M and Attachment M-Appendix that used the term Corrective Action, that will need to be changed to reflect the new defined term. These are all shown in the column to the left and are also described here:</p> <ul style="list-style-type: none"> • Removing the term Corrective Action, and replacing it with a newly defined term Referral. • Where the term referral was previously lower-cased, we are making it upper-case (except as explained in the next bullet) to reflect that it is as defined in the term Referral. • In one case – Attachment M Section IV.H -- the term referral does not have the same meaning as what was the term Corrective Action. We are removing the word Referral from the title of that paragraph H, “Referrals to State Commissions” and rewording it to say “Reports of Wrongdoing to State Commissions” which matches up with exact terminology used in the
