General Questions - External Capacity Performance Enhancements

* 1. Do you think the cost of Ongoing External upgrades should be included in the External Region Planning Process?

- Yes
- No
- Maybe, with these edits:

* 2. Do you think existing pseudo-tied units should be subject to all newly proposed requirements? (i.e. Ongoing Upgrade Cost Allocation, Allocation of FFEs, Operational Requirement)

- Existing Pseudo-Tied units should be required to meet all requirements as stated under the "New Requests - Design components for new Pseudo Tie requests/Additional MWs" heading of the Matrix.
- Just operational requirement
- Other:

* 3. Do you support further discussion of whether External Resources should be modeled in LDAs other than Rest of RTO?

- Yes
- No
- Maybe, with these edits:

* 4. Do you support including External Resources in non-RTO wide PAH Assessments if they were needed by PJM dispatch to resolve an issue in an area smaller than the RTO?

- Yes
- No
- Maybe, with these edits:

* 5. Do you support PJM's methodology to determine Electrical Distance?

- Yes
- No
- Maybe, with these edits:

* 6. Do you support allocating the costs associated with congestion management to the external resource owner if FFEs are not allocated to the resource?

- Yes
- No
- Maybe, with these edits:

* 7. Do you support requiring external Balancing Authorities to commit to transfer FFEs/FFLs to the attaining Balancing Authority by the start of the Delivery Year?

- Yes
- No
- Maybe, with these edits:

* 8. Do you support requiring existing pseudo tied resources to obtain unit-specific transmission service for future delivery years from the External Balancing Authorities? Note: existing pseudo tied resources already obtained long term transmission service with rollover rights. Such service was not studied by the external BA at the unit specific level.

Yes

No

Maybe, with these edits:

Support for Proposals

* 9. Do you support Package A?

- Yes
- No
- Abstain

Do you have any suggestions to modify this package that would improve your likelihood to support?

* 10. Do you support Package B?

- Yes
- No
- Abstain

Do you have any suggestions to modify this package that would improve your likelihood to support?

* 11. Do you support Package C?

- Yes
- No
- Abstain

Do you have any suggestions to modify this package that would improve your likelihood to support?

* 12. Do you support Package D?

Yes

No

Abstain
