

The Dayton Power and Light Company d/b/a AES OHIO
2022 ATRR
(December 15, 2021)

To: Interested Parties (as defined in Section 1.i. of the Formula Rate Implementation Protocols)

2022 Projection

In accordance with Sections 3.c., The Dayton Power and Light Company (“DP&L”) previously posted to the PJM website on October 1, 2021 its 2022 Annual Transmission Revenue Requirement (“ATRR”) in the form of an Excel spreadsheet. In accordance with Section 3.f. of the Formula Rate Implementation Protocols, DP&L is updating its ATRR and is providing the following information to be posted on the www.pjm.com website:

- (i) DP&L has updated the Network Service Peak Load of the Dayton Zone to be used by the Transmission Provider to determine each Network Customer’s Zone Network Load pursuant to Section 34.1 of the PJM OATT and Attachment H-15 for 2022.

Regarding item (i) above, the information (“2022 Projection”) is provided in the form of an Excel file posted along with this document on www.pjm.com.
