

AWEA

AWEA is the national trade association of the U.S. wind energy industry. We represent 1,000 member companies and over 100,000 jobs in the U.S. economy, serving as a powerful voice for how wind works for America. Members include global leaders in wind power and energy development, turbine manufacturing, and component and service suppliers. They gather each year at the Western Hemisphere's largest wind power trade show, which this year is evolving into the clean power trade show in recognition of how companies are evolving to encompass wind, solar, and storage. The AWEA CLEANPOWER Conference & Exhibition will be in Denver, Colorado, June 1-4, 2020.
